Our home has become a much more positive place. The sixth edition of the 1.7 million-copy bestseller 1-2-3 Magic by internationally acclaimed parenting expert Thomas W. Phelan, Ph.D. compiles two decades of research and experience into an easy-to-use program designed for parents striving to connect more deeply with their children and help them develop into healthy, capable teenagers and adults. Dr. Phelan breaks down the complex task of parenting into three straightforward steps: 1. Helping your children learn how to control their emotions and refrain from negative behavior, including tantrums, whining, and sibling rivalry 2. Encouraging good behavior in your children and providing positive feedback 3. Strengthening your relationships with your children to reinforce the natural parent-child bond. You'll find tools to use in virtually every situation, as well as real-life stories from parents who have successfully navigated common parenting challenges such as reluctance to do chores, talking back, and refusing to go to bed or getting up in the middle of the night.
