

The bestselling and beloved author of *Motherless Brooklyn* and *The Fortress of Solitude* delivers a searing love letter to the city that has inspired his finest work. Chase Insteadman, former child television star, has a new role in life—permanent guest on the Upper East Side dinner party circuit, where he is consigned to talk about his astronaut fiancée, Janice Trumbull, who is trapped on a circling Space Station. A chance encounter collides Chase with Perkus Tooth, a wily pop culture guru with a vicious conspiratorial streak and the best marijuana in town. Despite their disparate backgrounds and trajectories Chase and Perkus discover they have a lot in common, including a cast of friends from all walks of life in Manhattan. Together and separately they attempt to define the indefinable, and enter into a quest for the most elusive of things: truth and authenticity in a city where everything has a price.
