

Against all odds, Piper Anderson has managed to pick up the pieces of her life. She's holding tight to her budding romance with Officer Bobby Wright, anxious to have her moment with him. Now encircled by fiercely loyal friends, she finally feels like she's standing at the edge of a normal life. That is until reports of a brutal attack at the local college campus turn her dream of happily ever after into a nightmare. The unmistakably familiar details of the attack are an instant reminder of the chains tying her to people and places she so badly wants to escape. With her life and friends in danger, Piper must confront her past in order to fight for her future. To make matters worse, Piper and Bobby once again find their moral compasses pointing them in opposite directions. But what Piper doesn't know is that Bobby has secrets of his own. How can their love survive when their pasts have shaped them so differently? Piper's choices could bring her the freedom she yearns for, but will cutting ties with the past sever her relationship with Bobby?
