

An easy-to-read manual that provides parents with the skills they need to help minimize the everyday struggles and frustrations associated with AD/HD. Shows how adjustments can be made in the lives of parents and children to create a more livable and peaceable climate. The book addresses structure, routines, setting goals, using charts, persistency with consistency, teamwork, treatment options, medication, and more. The author stresses that children with AD/HD are special and that the approach to parenting these children must be both loving and precise.
