

The Finance Your Business Survival Kit pares down the enormous amount of information on the subject to provide you with the core essentials on the subject of financing your business. Less is more in the survival business--and we work hard to keep our books lean and useful. The author has included straightforward practical tips about securing funding, from equity investments to bank secured lending. The fancy footwork is left out so you can focus on the fundamentals to make your business work. A related audiobook is published by Amazon's audible.com division, enter the title, author, or Simply Magazine, to reach the title at audible.com, iTunes store, or Amazon itself. The audiobook reinforces the messages, is cross platform working on MAC/PC and all portable devices. The author has found through his serial entrepreneurial experience and advisory ones to many emerging companies that the key to successful fund raising is to go to the right people and organizations at the right time. In other words, you must do a self-analysis, which the author assists with, to determine what stage of business development your company is at--and find the sources that specialize in your niche. The tracks illuminate what you will learn and have to work with in this ebook.
