

This New Zealand book was written by Max Crarer of Wairoa while in his mid-70s. It tells the true story of how several years earlier he accidentally healed his Glaucoma (of 12 years standing) by the use of minerals and vitamins. Max was well known to listeners of Radio Pacific and shared his story with them before writing this book. There appears to be no other book like this in the world. Max Crarers combination of herbs, vitamins and minerals have helped thousands. Following his healing, Max researched eye healings by studying the findings of eye researchers from all around the world. Since then, through his own experience and the numerous personal experiences of others and his Radio Pacific listeners, he has discovered a combination of herbs, minerals and vitamins that have helped thousands of NZ sufferers of various eye complaints. He calls this natural course of treatment Triple Therapy as it combines the three effects of herbs, minerals and vitamins. This book reveals the full Triple Therapy treatment.
