

To maximise your success with Grindr comes down to creating the best profile that highlights you as a person. It should do ALL the talking before you have even considered sending a message. The right pictures, the interesting bio and the correct statistics all put you head and shoulders above the rest. After all when you find that guy that you're dying to meet, why is he going to reply to you and not the next guy? Getting a date isn't too hard for most guys, but dating the guy that actually gets our attention seems to be impossible! We spot them, message them, check our inbox, and check again...and no reply...so we move on. Are they fakes or is there that dream bloke out there for us? Well yes to both questions, and I can help you side-step the waster and find the right guy. More importantly get a response from the right guy. How many Friday and Saturday evenings have you wasted with meeting the wrong person? I've lost count until I started to distill a list of methods and tricks to make me stand out, make my profile do the talking before I send a message. As I mastered these tricks I started to date hotter and hotter guys and more importantly keep his attention. So I've written this book distilling all my knowledge from how to open with that tricky initial message, keeping the interest up with more messages, how to get the guy's number, moving onto WhatsApp - and lastly arranging that date! I've split the book into simple chapters: --The Intro --Downloading the App --Creating your Profile --Main Profile Picture --Secondary Pictures --The Wasters and Catfish --Messaging --Arranging the Drink --No Reply?? --Sexy Talk I cover in detail how you can represent yourself in the BEST possible light - creating your profile, selecting the right pictures, avoiding the weirdos and start getting some SERIOUS interest. Dating shouldn't be complex or about wasting time and getting disappointed. It should be about meeting new people, having a good time and potentially getting into a relationship. So let the Catfish bother someone else and get dating the guy YOU want to DATE!
