

Computing is an area which continues to grow. This book covers the main areas of computing, including programming, computer hardware, operating systems, the Internet, data communications and networking. It uses practical examples to show basic concepts, is packed full of diagrams showing important principles, and contains multiple choice questions to test knowledge and understanding. The book uses a readable style, and is aimed at students studying for Advanced GNVQ, A level, HND and BSc courses.

Babbitt (Otras Latitudes) (Spanish Edition), The 100-Year Life: Living and working in an age of longevity, Whenever He Saw A Marching Band, The Tailor of Gloucester, To Save a Soul (The Soul Cycle Book 1),
