

Memories of Forestry and Travel reveals how there is more to forestry than trees and more to travel than tourism, and explains how forests are vital to human survival. Fred Hummel places forestry in the broader context of rural development, nature conservation, and the need for an international effort to conserve a precious resource. His unusual insight into the world of forestry is set against the backdrop of a life spent in forests throughout the world, from Uganda to Brussels, for over four decades.

Eye Wonder: Mammals, Andalucia the South of Spain 2016: The Most Beautiful Images from the South of Spain in One Calendar (Calvendo Places), Prince Incognito (Reclaiming the Crown), NALA Manual for Paralegals and Legal Assistants, A Cure for the Common Jack: A Romantic Short Story, Around the World in 80 Days (Classic Books on Cassettes Collection) [UNABRIDGED], The Edinburgh Visitor Guide,
