

In 1963 there was no way I could have known, sitting in a classroom on that beautiful campus in Ohio, that by raising my hand I would be going to war in Vietnam and that I would see things, hear things and do things that most people cannot imagine.--James Joyce. The author entered the United States Army through ROTC, and trained to fly helicopters in combat over Vietnam. He flew both Huey Slicks and Huey Gunships: the former on defense flying troops into battle, and the latter in taking the battle to the enemy. Here he relives his experiences flying and fighting, with special attention given to pilots day-to-day lives. This entry refers to the LARGE PRINT edition.
