

Lecxis has everything it takes to be a woman. She is beautiful, sexy, single, and sassy. After making a decision against everybody's wishes, Lecxis is transformed by a plastic surgeon from a male to a female at the age of 22. After a series of plastic surgeries and hormone doses, this beautiful transsexual becomes the desire of many men. Her transition, besides happiness, brought to her life the hate of those who felt threatened by her beauty. Facing discrimination, she kept her head up high and fought for her rights. With a unique personal quote, which proves that fragility can have the strength of an army, she says, "If you don't like me, you have a choice. Get yourself a gun and blow your head off because I'm here and I am here to stay!" She will protect herself from anyone who tries to intimidate her. No one can stop her. This is her story, a story where you might be included!
