

About the book A deliciously playful science-fiction satire (Around the Globe magazine) Hollywood visionary Joe Seabright seems to have it all: fame, wealth, his own city ... Hell, hes even pals with the president. Its all thanks to The Solix Chronicles: Joes world-conquering, box office-pulverising science-fiction saga. But despite everything, Joe is haunted by failure. For what he wants more than anything is to win a Best Picture Oscar. And he doesnt have one. Worse still, he only has one more movie to make before his sci-fi saga is complete: one last chance to achieve his lifelong dream. Joes problem is that his writing stinks. The dialogue in his movies is as wooden as the empty shelf in his office, specially reserved for his long-awaited golden statuette. If hes ever going to win an Oscar, he desperately needs someone to polish his butt-clenchingly bad screenplays - and, Joe being Joe, theres only one man up to the job: William Shakespeare. So it is, thanks to a miraculous feat of genetic enhancement, Joe inspires himself with the genius of the great Bard of Avon. Feeling the Oscar within his clasp at last, he sits down at his computer and prepares to write the greatest screenplay ever created. Meanwhile, in London, England, Shakespeare authorship boffin Wendy Preston leads her jolly band of sceptics in their annual conference. Fuelled by wine and cheese, Wendy and her cohorts resume hostilities over the question of who really wrote those wonderful plays, little guessing that their lives are about to be turned upside down by a megalomaniacal interloper from across the pond ... A genre-bending Bard-buster Tom Browns two teenage obsessions were Shakespeare and Star Wars. To this day he remains uncertain whether Hamlet or The Empire Strikes Back is mankinds greatest artistic achievement. In the 2000s, he worked at Shakespeares Globe under the stewardship of famous anti-Stratfordian Mark Rylance, becoming fascinated by the passion associated with discussion of Shakespeares true identity. At the same time, the Star Wars prequels were in cinemas, cheerfully wrecking a whole childhoods happy memories. One happy day, the two obsessions fused. The result is a frenetic and often hilarious transatlantic adventure, full of big questions and big egos. Along the way we meet a brilliant, beautiful geneticist, a spooky collector of great artists DNA, and an embattled mathematician, flailing for a numerical grasp of human artistry. Joyfully melding the worlds of Shakespeare, science-fiction and space opera, So Long, Shakespeare is an exuberant and warm-hearted exploration of everything that makes us care about great art, and the geniuses who create it. From the book Joe shivered. Even though all he was looking at was plain plastic containing an anonymous liquid, there was something ghostly about the overtones. Here was Shakespeare: not literally, but equally not something inanimate like a skull or a hair. This was altogether more spiritual, more profound: Shakespeares essence, the genetic coding that had programmed the greatest writer who ever lived.

Posts about So Long, Shakespeare written by Tom Brown. A very different endeavour to my own Star Wars-meets-Shakespeare effort, the new book Indeed, one of my first impulses to take the Shakespeare authorship mystery to A genre-busting mash-up of Shakespeare, Star Wars and The Famous Five, 'SLS' tells. William Shakespeare's Star Wars has ratings and

reviews. If you're picking up this book, you've seen movie "movies" more times than you can count. .. To me it seemed kind of random to see a Star Wars/Shakespeare mash-up but the note by the I must confess I'm a long-time Shakespeare addict. Star Wars and the works of William Shakespeare are genuinely two of Bard with George Lucas' legendary space saga in a mash-up novel. Struggling to make ends meet, she accepts the position of live-in nanny to the as-yet unborn Ana's increasingly strange behaviour hints at a deep, dark secret. It's May 4th, or as we nerds say. it's Star Wars Day! I thought I'd celebrate by brushing off a review I did a couple of years ago. May the 4th be.

Items 1 - 25 of 36 A long-lost Shakespeare play surfaces in Phillips's wily fifth novel, a sublime faux .. Among the many mysteries of Shakespeare's life is a marriage license issued to In this delightful literary mashup by two-time RITA Award winner A retelling of Star wars in the style of Shakespeare, in which a wise Jedi.
