

Missing Persons: The stakes have just been raised for psychologist Alan Gregory: His friend and fellow therapist Hannah Grant has died at the office, mysteriously and suddenly. The police are baffled, leaving another apparent homicide unsolved in Boulder, Colorado. Only Alan has the means to decipher Hannah's clues, a quest that will take him to Las Vegas and lead him to question the integrity of those closest to him. Kill Me: We've all been there. A loved one or a dear friend becomes desperately ill or is tragically injured. Someone - maybe even you - says, If that ever happens to me, I wish someone would just ... kill me. What if you could choose when to die? But once you decide, you can't change your mind. Ever. No matter what. Kill Me brings Alan Gregory face-to-face with the most challenging case of his career. Dry Ice: It has been many years since the mayhem was unleashed in Privileged Information. Now Michael McClelland, the brilliant, determined murderer introduced in the first Alan Gregory novel, has left the Colorado State Mental Hospital - and he's coming after Alan's family. Time is running out as Alan scrambles to outwit his nemesis while confronting each of his worst nightmares.
