

A Mini Med School for Preppers? If you could have only one medical preparedness book, make it this one! Well written and easy to follow, it details the most essential information preppers need for treating hundreds of conditions known to occur during disasters. What's Special About This Book? Surviving the Zombie Apocalypse: First Aid Kit Building and Mini Med School for Preppers, is Dr. Chamberlin's latest publication. It's a compilation of his entire survival medicine series to date, one providing you with a less expensive option than buying all three of his books individually. It's not just a book about supplies - it's a guide on how to treat illnesses definitively in desperate conditions - times when medical help won't be available. More About the Author: Since the late 1990s, Dr. Chamberlin has been refining a method for teaching preppers how to become medics in the shortest amount of time. His ultimate goal is to guide them to the point where they feel comfortable dealing with the medical emergencies common to disasters and cataclysms. His survival medicine books are written just for that purpose. Please check out his reviews, we know you will not be disappointed!
