

This is the first book to fully document the historical contributions of African Americans to broadcasting in the United States from the beginning of commercial broadcasting in 1925 to the age of television in 1955. This work fills a void that has only been marginally covered by previous books on the history of American broadcasting. This two-volume work:Â· covers the radio and television appearances of African AmericansÂ· documents the impact of their unique and popular entertainment styles on network radio programmingÂ· describes how racial discrimination and prejudice limited the opportunities of African American performers to receive full financial compensation, unlike many others who gained radio and television fame and fortune by emulating themÂ· includes graphs and statistical data of African American radio programmingÂ· contains nearly 250 rare black and white photographsÂ· includes an alphabetical listing of relevant radio programs including date, cast, and broadcasting station call lettersÂ· presents scripts of several network shows, such as Amos and Andy. Chapters are arranged chronologically and each is introduced by a brief essay that summarizes the key events of the period, followed by articles from the African American press and other entertainment publications.

Money Matters: Teens Write about Taking Control of Their Wallets, Mushrooms of the Midwest, Bauanleitung Einbauschränk (German Edition), Going Bonkers? Issue 24, Capital: The Process of Circulation of Capital, A Certain Kind of Light, Utah 2012 Deluxe Wall Calendar, Secret Ingredients, The Fitz-Boodle Papers Etc. Etc.,
