

The biggest secrets have a habit of catching up with you! Romance novelist Kinsley Wentworth has a knack for approaching life as if she was a character in one of her novels. Kinsley is desperately in need of love, the one thing missing from her marriage. Bad decisions can have terrifying consequences! After a failed attempt at reconciliation with her estranged husband Nick, Kinsley meets Wayde online, he's allegedly searching for her missing brother, and they develop a friendship. Wayde convinces Kinsley that he will help her find her estranged brother if she moves to Florida with her young son, but Kinsley soon finds herself trapped in an abusive and potentially life-threatening situation. A knight in shining armor! Unknown to Kinsley, she is not totally alone; she has a protector. Jackson, a private investigator hired to watch over her and her son, is always close at hand. A little too close, Jackson is falling for a woman in a hopeless situation. A fairy-tale happily ever after? Kinsley is convinced she can forgo her own need for love to provide her son with a traditional family. But Jackson is determined to give Kinsley the space and time she needs, confident she will figure out that he is the reality she has been looking for all along.
